"I want to let you know how blessed we were with the clothing from Gracefully Chic Boutique. Having received a foster girl (age 5) for a couple weeks with very little clothing we were able to meet her needs thanks to you.

She immediately tried on all the clothes and later asked if she would be able to keep them – she couldn't believe she would be able to take them with her. The bathing suit especially made her day.

She put it on and started doing cartwheels."

- Foster Mom (This story is the inspiration behind our name)
